Hello, my name is Jackie Aljam. I am from Coldwater Indian Band. I am married to Davis Moses. My mother is Grace Aljam & my father is James Bob.

I recently graduated from NVIT with a certificate in the Foundations of technology this past 2020 year. I have also taken the Focus Web Development program through NVIT this past year and I hope to continue that later on in my life, web development has become a passion that I didn't know I would like so much. Technology has always been apart of my life growing up, right from when computers were at school to now my home life where it is in almost every room in my house. I love seeing how it changes and adapts to our daily life routines.

I look forward to meeting and working with everyone in the Nation.
